## MUSIC CLUB DRIVE IS INDORSED BY CITY TRUSTEES

WORTHY ORGANIZATION AND  
MERITS SUPPORT, STATE  
MEMBERS OF BOARD

Indorsement of the Glendale Music club was given by the Board of City Trustees last night, following the reading of a communication from Mrs. Mattison B. Jones, the club's president, who called attention to the drive for 200 new members to be conducted by the organization.

"The Glendale Music club is a very worthy organization and deserving of the moral support of the trustees," commented Dwight W. Stephenson, president of the board. On motion of Trustee Lapham, seconded by Trustee Robinson, the trustees promised its moral support to the club's drive and also decided to issue a proclamation calling attention of the citizens generally to the work of the organization and urging support be given.

Trustee Bartlett was requested to prepare a resolution endorsing the club and also requested to draw up the proclamation.

### Plan Community Sing

Los Angeles Music Week, May 29 to June 6, will prove a beautiful climax to the nation-wide music week movement. All of the musical organizations of Glendale are planning to give programs during that week. One of the big local events being planned is the community sing, which will be held in the high school auditorium, with Mrs. Charles A. Parker and the Madrigal club leading. This club is also making preparations for special numbers to be given by them during that evening, Tuesday, May 31.

Another big event of the week will take place Thursday afternoon, June 2, when a fine program will be given for the boys at Thornycroft.

The grand finale of the week will be the concert given by the Glendale Music club Monday, June 6, in the First Methodist Episcopal church at 8 o'clock, to which the public is invited.

Glendale is vying with other suburbs, such as Inglewood, Annandale and San Pedro in marshaling their musical forces. The Glendale high school chorus and orchestra will present programs, as well as the intermediate schools. Concerts will also be given by the Elks' band.

## Century Plant Blooms In Mrs. S. Dell's Yard

Those Glendale Evening News readers who have been watching for further announcement concerning the progress of a century plant in the yard of Mrs. Sidney Dell in North Glendale will be interested to hear that the giant plant has at last begun to bloom. The stalwart trunk (or stalk), which suddenly began to shoot from the center of the thorny leaves five weeks ago, has grown steadily each day until it now stands majestically into the air for a distance of twenty-four feet.

Within the last few days a number of small flower stalks have appeared near the top of the main trunk, and these in turn have given off many smaller branchlets. It is expected by Mrs. Dell that it is from these branchlets that the very rare blossoms will originate.

Mrs. Dell, who is a widely read botanist, has recently made extensive research into the history and nature of the plant, and she will explain it in detail to any persons who are interested.

As few people are ever privileged to witness a rare specimen such as this Mrs. Dell's front yard will probably be an unusually popular spot during the next few days. Her address is 928 North Louise street.

## Mr. and Mrs. J. H. Braly At Civic Club Session

Mr. and Mrs. John Hyde Braly of 505 North Brand boulevard attended the meeting of the Men's Civic club of Los Angeles Thursday. One of the speakers at this meeting was Ora Monnette, banker and also a member of the library board. He told of the great need of a central library building for Los Angeles and the necessity of issuing bonds for this purpose.

Library buildings of cities the size of Los Angeles are usually one of the first places visited by tourists and Mr. Monnette stated the fact was deplorable that Los Angeles did not come up to the standard of other cities in this respect. Mr. and Mrs. Braly were quite delighted with his talk. Mr. Perry, Los Angeles city librarian, was also present at the meeting.

## Miniature Golf Links Laid Out By Boys Glendale's First Course

Put, put, put, put, put!

A whole flock of wild puts! That's what you will find around Lexington drive and Central avenue for Glendale has a golf course now.

Boys of the vicinity have improved a miniature "green" among the weeds.

While they use real golf balls (most of which have been found on the Griffith Park links or borrowed from dad's golf bag) the sticks are the things which attract the observers' attention. Steel massies have been fashioned from flattened handlebars of bicycles riveted onto broom sticks.

Maple putters are carved from the ribs of auto tops. Gophers furnish a new set of tees every day.

And the kids are enjoying themselves immensely.

## Sport Spotting 'Spot'

"Spot" is a dotty dog today. He is a terrier belonging to A. P. Hopmann of the Glendale Sanitarium.

Three months old and no better sense than to fall out of the auto when his master parked the machine he was driving opposite The Glendale Evening News office yesterday afternoon. "Spot" lit on his nose. Then when Mr. Hopmann tried to save him from the traffic, the pup hid under the car, rubbing his bumped proboscis with an oily paw.

Then as the master would start across the street, dog followed. It took about ten minutes of hide and seek until little Norman Hopmann corraled the playful pup and the journey was continued to the sanitarium.

## Anyone Lose Snake?

A snake! A snake! Not the bottle variety. But a snake four feet long!

This creature was seen at noon yesterday by several respectable citizens of this city, crossing Pacific avenue and making its way towards some shrubbery under a tree in an apricot orchard.

Perhaps some person interested in the recent campaign against gophers decided to appropriate a pet which would at the same time be useful in exterminating these destructive animals.

For it was a gopher snake.

## Charles Brandon Booth Gives Talk To Pupils

The students of the Glendale high school were given the privilege at their weekly assembly hour Thursday morning of listening to one of the most interesting speeches of the year. Charles Brandon Booth, the nationally known prison reform agitator, was the speaker of the day, talking to but half of the student body at once. Mr. Booth is the son of Mrs. Maud Ballington Booth, who is one of the leaders of the great organization known as the Volunteers of America and is recognized as one of the most conscientious and popular philanthropists in the United States.

Mr. Booth's subject was "Putting the 'I' in High" and he showed the young people, by citing several specific instances and illustrating with a number of stories, just what they themselves mean to the welfare of the institution, and he also brought particular stress on the fact that "the student of today is the doer of tomorrow."

So interestingly and perfectly did Mr. Booth present the subject, which is heard by students so much that it ordinarily becomes monotonous, that each one of his entire audience was held spellbound throughout the lecture.

## Robert Tower Is Home From Pacific College

Robert Braden Tower of 328 North Maryland is home from his second year of schooling at Pacific Union college, located at St. Helena. He graduated this year in the academic course. He will be remembered as the boy who, with several others, made the trail up Mt. Verdugo, which is so plainly visible from most any part of Glendale. He and his boy companions put in their spare time for two and one-half years on the work.

Up at St. Helena he has been performing manual labor in connection with his studies, consisting of wood chopping. He and his working partner have felled some giant trees, four and five feet through, and they never cut down one of these large ones without a regret, but it is considered necessary as they are needed for fuel.

## STATE RIFLE MATCH BEING HELD ON CANYON RANGE

HIGH SCHOOL MARKSMEN OF  
SOUTHLAND IN CONTESTS;  
REGULARS ASSISTING

With rifle teams from the Student Officers' Training corps arriving here this morning by motor truck, the Sycamore canyon range will be the scene of a simultaneous statewide competition among high school marksmen.

Leona Heights range out of Oakland is the scene of the northern school's contest while here Central Union, Dinuba Union, San Bernardino Union, Monrovia, Visalia, Porterville and Fresno high schools are represented.

Each contestant must qualify at 200 yards kneeling, 300 yards sitting and 500 yards prone. They will use the regular army rifle. In gallery practice the boys will qualify with small arms at 50 yards. The contest will be started today and continue until Sunday night.

### Regular Army Cooks

Two regular army cooks and an assistant and a regular army sergeant from Ross field have been provided by the federal authorities for maintaining the camp and Major E. E. Kirk of the National Guard has assigned Lieutenant Frank Bray as executive officer.

Captain R. C. Mace of the medical corps will be in charge of the hospital detail.

## Celebrate On Birthday Of Rowena Mae Evans

Mrs. A. G. Evans of 210 West Los Feliz road entertained a group of little folks yesterday afternoon in celebration of the fourth birthday anniversary of her daughter, Rowena Mae Evans.

The guests included Eva Jane Tarr, Marjorie Loftus, Edith Goss and Yvonne Burchett. A color scheme of pink and white was carried out. The centerpiece of the dining table was formed of pink crepe paper and pink geraniums. From the chandelier were draped streamers of pink crepe paper which were connected at each place on the table with pink bon bon boxes.

The little folks spent the afternoon in playing games and enjoying music.

## County Round-Up For Y. M. C. A. Postponed

The round-up scheduled to take place today and tomorrow at L. C. Brand's aviation field for the members of the grammar school groups of the county Y. M. C. A. has been postponed until next week on account of the weather.

Reports received by Rex Kelley, local Y. M. C. A. secretary, from leaders of groups of Y. M. C. A. boys in the eastern part of the county were to the effect that most of that section was enveloped in a heavy fog amounting almost to a rain.

As one of the features of the round-up was to be a swim in the pool at L. C. Brand's place it was thought best to wait until the weather was brighter.

## La Canada School To Present Class Play

The graduating class of La Canada school is planning to present a play at the commencement exercises of that school, which will be held on Saturday, May 28, 1921, at 8 o'clock, in the school auditorium. They have chosen "The Professor's Daughter," a comedy in three acts. The cast of characters includes Owen Poete, Fay Hartman, Lester Bennett, Josephine Guzzetta, Dorothy Walton, Richard Calmer, Lois Griffin, Alta Lea and Joe Famularo. The class roll is as follows: Richard Calmer, Fay Hartman, Lois Griffin, Dorothy Walton and Joe Famularo.

## American Legion To Give All Star Show

An all star performance for the benefit of the sick fund of the American Legion—for the care of sick and wounded soldiers—will be staged June 15 at the Palace Grand theatre, according to an announcement today by the committee in charge. This committee will meet tonight at 7 o'clock at the American Legion headquarters here prior to the boxing show. Dr. Gerhard Kaemmerling is chairman.

Miss Winifred Parker, daughter of Mrs. C. A. Parker of 212 North Orange street, entertained a number of friends informally last evening.

## Walk And Get Thin, Doctor Tells Women At Club Convention

YOSEMITE, Cal., May 27.—Doctor Lulu Peters told California club women attending the State Federation of Women's Club convention here how to walk and get thin.

"If you want to reduce just hike over the trails of the Yosemite," she advised in advocating outdoor exercise.

The Federation today was asked to act as "god mother" to the plan of Gertrude Gilmore for a "pastime clearing house."

The plan contemplates institution of centers where holders of unused theatre, baseball or other amusement tickets can turn them in for distribution among people unable to spend money on recreation.

The plan already has the endorsement of the Los Angeles chamber of commerce and numerous rotary clubs.

Mrs. Robert Burdette of Pasadena, who was the first president of the state federation, scored clubwomen who join clubs to get the entertainment which clubs offer.

As a tribute to the press she advised the clubwomen to get their most understanding women for publicity chairman.

Mrs. Burdette courageously defended California men before the 900 clubwomen attending the convention.

"California leads the entire United States in welfare laws, but these laws are not due entirely to the women of the state," she declared. "They are also due to some of the fine men of California."

## Two Local Young Men Gain Military Honors

Two young men of Glendale will bring military honors to their city next Tuesday when they will be formally presented with commissions as lieutenants in the Engineer Reserve Corps of the United States army.

Joseph Benjamin Meier, of 608 North Adams street, and Richard A. Van Pelt, of 417 North Central avenue, are among the thirteen seniors of California Institute of Technology at Pasadena who, in connection with their regular technical engineering courses, have completed the four years of military training in the Reserve Officers' Training corps maintained at that institution by the war department.

The general public is invited to a military review to be held at Tournament park in Pasadena at 3:30 o'clock on May 31, at which time these commissions will be presented. An address will be made by Major Charles T. Leeds, whose name is intimately connected with the war history of California Institute of Technology and who is well known in southern California for the work he has done as government engineer in the development of Los Angeles harbor.

Special military music by the band of California Institute of Technology will complete a very interesting program.

## Hold Social Afternoon For O. E. S. Chapter

A very delightful afternoon was enjoyed by the members of the Social club of Glen Eyrie chapter O. E. S., yesterday at the Masonic Temple. At the close of a social hour refreshments of fruit salad, coffee and cake were served by the hostesses of the afternoon, Mrs. Sallie Campbell Braden, Mrs. S. A. Pollock, Mrs. Orma V. Naudain and Mrs. James Wyvell. Other guests present included Mrs. F. H. Vesper, Mrs. J. A. Phillips, Miss Franc Kinch, Mrs. M. G. Squier, Mrs. William McMillan, Mrs. R. C. Plume, Mrs. W. R. Frampton, Mrs. Mae Warwick, Miss Blanche Davenport, Mrs. A. E. Patch, Mrs. M. B. Dewar, Mrs. G. N. Ball, Mrs. Frank Echols and Miss Corinne Orff.

It was decided that meetings of the social club will be held on the third Wednesday of each month, with a luncheon at noon, at which time four members would act as hostesses. The next meeting will be at the home of Mrs. William McMillan, 336 West Milford street.

## Luncheon Party Given To Group Of Friends

Mrs. G. D. Roach of 459 Milford street and Mrs. A. H. Lapham of 415 West Broadway were joint hostesses yesterday afternoon at a three-course luncheon party given at the home of the former in honor of Mrs. Amy Mathewson of Providence, Rhode Island, to a group of Los Angeles friends.

Several guessing contests, which caused a great deal of merriment and study on the part of the guests, occupied the afternoon.

One clever contest was an original poem, written by Mrs. Lapham, with blanks left to be filled in with the names of famous movie stars.

## Swimming Pool Project Is In Need Of Petition

If the proposition to complete the purchase of a park site and install a swimming pool in the northwest section of the city at a cost of \$22,000 is to go on the ballot at the coming municipal election, a petition containing at least 486 names must be presented to the board of city trustees by next Thursday night.

This developed at the meeting of the trustees last night when Hartley Shaw, city attorney, read a telegram from bond experts in which it was stated that, in view of the fact the city had already voted on a park site and swimming pool the issue could not again be raised within six months unless brought up by a petition signed by a certain percentage of voters.

The trustees had intended to place the park and swimming pool project on the ballot at the coming municipal election without a petition being presented. They will still do so, provided the Chamber of Commerce and the Parent-Teacher federation will circulate petitions, which must be certified and filed with the board by next Thursday night.

The proposition of voting bonds for \$22,000 with which to buy a site and construct a swimming pool in the city of Glendale will be considered by representative members of the Chamber of Commerce at 4:30 o'clock this afternoon. Secretary James M. Rhoades invites those interested to attend.

## Jesse E. Smith Is Host At Big Party

Jesse E. Smith, local Ford dealer, again entertained his employees and their ladies at a banquet and dance held last evening at La Crescenta lodge, in recognition of the record number of 194 new and forty-three used cars having been sold during the month of April. Walter W. Buttery, the latest addition to the Ford family was responsible for the beautiful table decorations.

Mr. Smith, in his capacity of toastmaster, gave an inspiring talk on loyalty and progressiveness, which was heartily endorsed by his men. He called upon the various boys to make a few remarks, and some surprisingly good oratory was inflicted upon those present. Maurice Healey in particular proved himself a strong orator. Leonard Strawn made the lengthiest talk of the evening and his remarks were thoroughly enjoyed.

Midnight came all too soon, and there was not one in that assemblage of more than fifty people who did not, without hesitancy, attest to the fact that it was the most enjoyable "party" they have had the pleasure of attending in many moons.

## IMPORTANT TO YOU

We have been placing in this paper from time to time an advertisement which was headed this way:  
"Have you heard of the shallow oil fields at Canajo, Camarillo, Ventura County?" Well, a great many of our Glendaleans have responded gracefully by seeking information and after receiving same, they have in every case purchased an interest in this lease, where the well is drilling.

We wish to announce that the showing of the first well has been far beyond our expectations and we hope to announce in the very near future that the first well is on production. From the showing now, you should expect a fine well. Some of you have hesitated, but if you are going to secure your interest in this enterprise at the present price, you will have to act without delay. H. L. Miller Co. 109 South Brand boulevard. ## Locals And Personals

Among the recent purchasers of lots in the north Glendale district are Mr. and Mrs. W. N. Woodside of 646 North Maryland avenue. During the past week they have bought the two lots at 338 and 340 Cameron Place, the property having been previously owned by C. H. Thompson of 131 North Brand boulevard.

J. M. Green, Southern California superintendent of the Western Union telegraph company, was in Glendale Thursday for the concern's regular inspection of the local office. Mr. and Mrs. A. G. Spohr and a party of eastern friends who motored to San Francisco last week and returned yesterday, escaped the rain which drenched the southland last week. Richard "Dick" Royce, former local resident and popular young man of this city, returned yesterday after an absence of over two years. Since receiving his discharge from the army in 1919 Royce has been employed by a San Francisco concern, but recently has severed his connections in that city, the lure of Glendale getting the best of him. At present Royce is staying at the home of his friend, Jack Wagner of North Kenwood street, as he has not yet decided where he will locate permanently.

## Allies Once More In Accord; Peace Nears

PARIS, May 27.—With the allies once more in accord today, Europe was nearing peace. Developments pointing to a return to normal included:

Notice from Germany that reparations due by May 31 will be sent from Berlin tomorrow.

The French chamber's vote of confidence in Premier Briand by 403 to 163 for his handling of reparations and 399 to 162 for his policy in regard to Silesia.

Los Angeles Friends of Irish Freedom plan a big picnic at Selig zoo on July 4. Dr. Peter C. York of San Francisco will be the principal speaker. There will be an athletic program and other attractions.

## FIVE BOXING BOUTS TO BE PROVIDED LOCAL LEGION

PLENTY OF THRILLS TO BE FURNISHED, PROMISE MADE BY ALLEN BULLIS

Five good bouts are promised boxing fans by the American Legion's program committee at an entertainment tonight which will be featured by athletic and musical numbers. While there are several surprise attractions unannounced, Allen Bullis, who is arranging the fistic card assures that the opener will be a real scrap between two clever lads from a neighboring Legion post.

Other numbers on the card will include three short round affairs by the following:

Ralph Hutchinson vs. Jimmie Hill. Kid Essex of Glendale vs. Young Kendig of Burbank.

George Myers vs. "Doc" Wright. Ralph Myers vs. Walter Dodge.

## Should Provide Thrills

Kendig is a heavy hitter and Essex is touted as his match. All of which should prove interesting. "Doc" Wright in sparring with Myers likely will provide many laughs and Hutchinson and Hill are two good-natured youngsters who have met before.

The real scrap of the evening will occur when little Ralph Myers mixes with Walter Dodge. While the latter has every advantage, Myers will give him a race around the squared circle that will be interspersed with wallops of a telling nature.

Women of Glendale will be enabled to learn the art of self-defense if they accept the invitation extended them to attend with their Legionnaire friends. Mr. Bullis assures them the evening's entertainment will be conducted with due respect to the visitors.

## Cyclone Strikes Iowa; Man Killed, Two Hurt

MANLEY, Ia., May 27.—One man was killed, two persons seriously injured and all telephone and telegraph communication severed when a cyclone swept a strip a quarter of a mile wide from Plymouth to Manley late yesterday.

Mrs. Arthur Dobel, a bride of only two weeks, is not expected to live as a result of injuries received when her home was picked up by the cyclone and crashed into a grove of trees.

All northern Iowa was hit by a severe storm, although the tornado only extended from Plymouth to Manley.

Two men from Garner are believed to have been drowned at Clear Lake while out in a boat.

Farm buildings were reported destroyed by the storm.

Japan has few wild animals and no poisonous reptiles.

C. H. BOTT, Prop. 113 S. BRAND BOULEVARD

## Kelly & Van Arsdel Now In Unique Home

The Kelly & Van Arsdel real estate company, whose office for the past six months has been at 300 South Brand boulevard, yesterday moved into their new and unique building at 106 West Colorado boulevard. Their new headquarters furnish over twice as much room as the Brand boulevard office and the firm is now prepared to handle all kinds of business in real estate, loans and insurance.

The new building was built expressly for the owners, and its peculiar structure has caused no little comment and conjecture among those who have observed its long steep roof extending some twenty feet into the sky. It is a replica of a typical Holland home with its low windows and tall and upright-appearing frame. The exterior is finished in the favorite old Dutch colors, blue and yellow, while the interior is daintily and artistically decorated in blue with white trimmings. By all means those who are interested in European architecture should visit this cleverly-erected duplication.

## Mrs. C. H. Thompson Is Elected As President

The Columbus avenue Parent-Teacher association entertained the teachers of that school at luncheon yesterday, which was followed by a business meeting, at which time Mrs. C. H. Thompson was elected president for the coming year.

The business meeting was called at 2:30 o'clock by the president, Mrs. H. V. Henry. Annual reports of all departments were heard, after which the nominating committee reported the following names, which were accepted and elected as officers for the next year's work: Mrs. C. H. Thompson, president; Mrs. G. O. Piercey, vice-president; Mrs. J. F. Torrey, secretary; Mrs. J. H. Searles, treasurer; Miss Elsie Church, historian; Mrs. L. C. Leeds, auditor.

This was the final meeting and closed this year's work.

Unless one such tag or ticket is so attached to or suspended from said receptacle or one of a group of receptacles for each 100 pounds of garbage, or fraction thereof, and each 3 cubic feet of waste matter, or fraction thereof, contained in such receptacles, the contents of such receptacle or re-

ceptacles for which no tag or ticket is so provided will not be collected or removed.

## LOCAL MUSIC CLUB TO GIVE BANQUET AND CONCERT

CLOSING ENTERTAINMENT TO  
BE ONE OF FEATURES OF  
CELEBRATION WEEK

As a fitting finale for music week the Glendale Music club is planning to have its first annual banquet and closing concert Monday night, June 6, at the First Methodist church, corner of Kenwood street and Wilson avenue.

Elaborate plans are being made for this event. The banquet will take place promptly at 6:15 p. m. in order that the big concert in the auditorium may begin at 8 o'clock. Many persons prominent in the musical world will be present.

Club members may make reservations before June 1 from Mrs. Colin Cable. After that date reservations will be taken from anyone desiring to attend, providing facilities will permit.

### Program to Follow

The concert following the banquet, which will be served by the ladies of the church under the direction of Mrs. C. D. Lusby, also promises to be unusually interesting and inspiring.

Wesley Kuhnle, a resident of Glendale and member of the club, will give three organ solos. Numbers will also be given by the Burbank Choral club of mixed voices.

These are only a few of the treats in store for those who attend the closing night program of music week.

## Police Near Solution Of Mystery, Believed

SEATTLE, Wash., May 27.—Two developments today caused police to believe they were nearer a solution of the mystery surrounding the disappearance of Mrs. Kate Mahoney, missing Seattle woman.

Mrs. C. A. Green, who lives on a houseboat in Lake Union near Seattle, reported to the police today that yesterday she found the lid of a trunk to which locks of white hair were clinging, floating in the lake.

A. F. Morris, a salesman, reported to the police that he had overheard a conversation in a hotel room here, in which two women and at least one man took part, during which he said there was discussed a plot to end Mrs. Mahoney's life.

Mrs. Mahoney disappeared in St. Paul soon after she was married to James E. Mahoney, aged 36. She is aged 70.

Mrs. A. L. Hamilton, of Seattle, said today she saw Mrs. Mahoney in St. Paul before her marriage.

"No man living can get any of my money or property from me," she said Mrs. Mahoney told her.

Mahoney's attorney, Lee Johnston, declared today that Mrs. Mahoney probably is in Havana. He claimed Mahoney had received a postcard from her dated Havana.

## Valuable Concessions In Russia Are Blocked

WASHINGTON, May 27.—The little known Chita government of Siberia has blocked, at least temporarily, the valuable economic concessions which Washington D. Vanderlip, American capitalist, is trying to secure from the Russian soviet government, according to advices reaching diplomatic circles here today.

A movement was started recently in the Chita congress by communist members to separate Kamchatka's rich industrial resources from the territory of the republic of Chita, according to these advices. This movement, it is understood, by Russian diplomats here, was inspired by the soviet authorities in Moscow so as to allow the Russian soviet government to give Vanderlip concessions for development of the vast Kamchatka region.

Kamchatka was originally included in the territory of Chita when that republic was organized. The peasant members of the Chita congress who are in the majority as the result of a recent election, opposed the separation of Kamchatka but whether a vote was taken on the question was not reported in advices here.

Officials and diplomats in Washington are following closely all developments in the tortuous course of the proposed Vanderlip concession which the American capitalist claimed on various occasions had been concluded. These concessions have never been concluded so far as known here and the American government has given no indication that they would be recognized were they definitely concluded. Vanderlip now is understood to be somewhere in the Baltic states and about to return to Moscow.

An American mission of observers is now in the Chita republic making an investigation of conditions for the state department here. The dispatch of this mission by direction of Secretary of State Hughes followed an appeal to the state department from the Chita republic for American recognition but the department has announced there is no hint of recognition even in prospect, in the mission.

## WRITER LISTENS TO SPIRITUAL VOICES OF LITERATURE

WILLIAM CLARK GIVES VOLUME  
TO LIBRARY; FICTION IS  
ON RELEASE SHELVES

New books on varied topics were released at the public library yesterday for circulation. Among contributions received recently is a book called "Spiritual Voices in Modern Literature," which was donated by William Clark. This book gives the spiritual interpretations of the following books and literary works: "Hound of Heaven" (Francis Thompson), "Peer Gynt" (Ibsen), "Seven Lamps of Architecture" (John Ruskin), "In Memoriam" (Tennyson), "Ode to Duty" (Wadsworth), "Life of Gladstone" (Morley), "Saul" (Robert Browning), "The Everlasting Mercy" (John Masefield). Other contributions received include "Joan and Peter" (Wells), "Foul Play" (Reade), "On Many Seas" (Williams), "Micah Clarke" (Doyle), "54-40 or Fight" (Hought), "Mary Olivier" (May Sinclair), "Jew and American Ideals" (Spargo) and "The International Jew" (Dearborn Independent). The latter two books give both sides of this question.

**Volume by Robert Lansing**  
The new books released include: "The Enchanted Canyon" (Willsie). A book of fiction and romance which gives a most excellent description of the Grand Canyon. There is more than a thread of humor in the book. The reader will enjoy many a quiet chuckle at the hero's inimitable body guard, the negro Jonas, while no one can fail to yield to the charm of Diana, the heroine.

"Peace Negotiations" (Robert Lansing), which gives an unbiased resume of the peace negotiations.

"Camping and Woodcraft" (Horse Kephart). Takes up everything from building a tent to telling about plants that are edible. This manual for the woodsman is practical and instructive, and at the same time interesting reading. Every hiker should read this volume whether he intends to leave the beaten path or not.

"My Son" (Cora Harris). The story of the son of a circuit rider's wife.

The Scout Executive visited Troop No. 3 last Friday night. He hopes to find more Scouts at meeting next time he visits.

Troop No. 1 of Glendale was re-organized and reregistered at national headquarters this week with Eagle Scout Robert Searles as Acting Scoutmaster.

About twenty Scouts worked in the Near East relief drive Wednesday and much was accomplished.

Scouts, don't forget that it is your patriotic duty to be on hand Memorial Day for any service we may render. Be sure and have your uniform clean and ready to wear.

Scout headquarters will be open at 3:30 o'clock next Monday. If you have not checked up on your test card do so at that time.

## Mary Miles Minter Palace Grand Feature

A comedy drama that will appeal to picture lovers of all ages is "The Little Clown," the latest Mary Miles Minter release, which comes to the Palace Grand for today only.

There is love interest in the story, of course, but the picture is happily lacking in any of the "sex stuff" which has brought reproach on many of the most sumptuous motion picture productions of the last year or two.

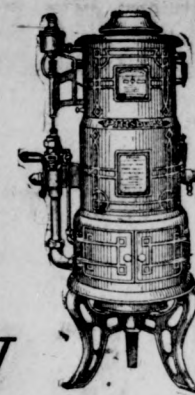

All children love motion pictures, and parents may well be grateful to Realart for the clean, wholesome stories in which they present Miss Minter.

"The Little Clown" is full, from beginning to end, of delightful comedy situations which will please the most blasé picture patron, yet which are perfectly suitable for a juvenile audience to see.

A real circus, one of the few wagon outfits left in this country, was hired to put on the circus scenes, which are so realistic that probably every daddy in town will make an excuse for seeing this picture, just as dads habitually take their youngsters to the circus so they can see it themselves.

A Booth Tarkington comedy, "Get-Rich-Quick-Edgar," also is on the bill which is under the auspices of the Colorado street school. Tomorrow Dorothy Gish provides the feature with "The Ghost in the Garret."

## ALLIES WILL STOP NEAR EAST FIGHT WHEN REQUIRED

WHEN EXHAUSTION COMES TO COUNTRIES, TERMS WILL BE DICTATED, IS PROPOSED.

By ALFRED J. WEST  
United Press Staff Correspondent

LONDON—When Greece and Turkey have become thoroughly "fed up" on war, and either one or both countries are on the verge of physical and economic exhaustion, the Allies will step in and dictate the terms of peace—regardless of the desires of either of the combatants. This, in effect is the strategy the Big Four have adopted to the warfare in the Near East, according to Downing street officials.

Greece launched her attack against Turkey after the London conference, against the advice of the allies. Turkey invited the attack by refusing to compromise with the Greeks on questions which would undoubtedly have been settled in favor of the Moslems—chiefly because the Greeks were the parties concerned.

**Making Strong Boast**  
Although the offensive of last January and the recent one have both proved disastrous for the Greek army, Athens has informed the foreign office that she is far from through and that the Hellenic troops under the leadership of King Constantine, will yet "lost the royal emblem over St. Sophia's in Constantinople."

No importance is attached to their boast either in London, Paris or Rome, first, because the venture is an impossible one for the Greek arms, and, secondly, because it is greatly undesired by the entente. The allies have long since decided, that the Turks shall be allowed to remain unmolested. Also it has been decided that Greek domination of Smyrna and possibly Thrace is an "allied impossibility." Consequently, even though the Greek army may vanquish the Nationalists—an extremely improbable supposition—the mediating allies will decree its withdrawal from Asia Minor.

It has also been established that Athens is fighting the Turco-Greek campaign on pure air. Paper money, unbacked by even promises of allied loans, is paying the bills. The Greek drachma before Venizelos' repudiation, was quoted at approximately six to the dollar. Now you can buy nearly fifteen for an American greenback. And the end is not yet in sight.

**British Loan Denied**  
Reports of a British loan to the National bank of Greece have been repeatedly denied in London and the admission by Controller Maximos that "negotiations were provisionally unsuccessful" constitute additional proof that the Gounaris cabinet is riding towards disaster. Greece already is groaning under eight years of continuous war and more than a score of year's maintenance of government by borrowed capital.

Allied notes, already dispatched, have intimated broadly the futility of "continuing the warfare in the Near East, and entente protests against "slaughter of innocents" and "disregard for the rules of civilized warfare" have been dispatched to both Sami Bey and the Gounaris cabinet.

### Tom Mix Is Out For Chariot Race Record

Shade of Ben Hur! Tom Mix says he's out to hang up a new world's record in the Roman chariot race over track at Beverly Speedway on Saturday, June 4. The screen star admits that he doesn't know what mark Ben established in the ancient Coliseum of Rome, as none of the record books on file in the sporting departments of the various local newspaper offices date back quite so far.

Anyway, Tom declared that some record will go by the boards when he climbs into his chariot and sends away his four fiery steeds. The film actor guarantees that the auto race "bugs" who attend the Actors' Fund Festival will be given all the thrills that Ralph DePalma furnishes in his Ballot car.

Daniel Frohman, New York producer, who is here for the spectacle, announced last night that the city of amusements is fast nearing completion and the thousand and one features will be ready on June 4.

### Mid-Year Class Of High School Elects

The mid-year class of 1922 of Glendale high school elected at their last meeting officers for the coming year as follows: Albert Hewitt, president; Carolyn Grey, vice-president; Martha Eilers, secretary; Marjorie Kendall, treasurer.

All four of these officers have worked faithfully for the class of 1922 and they intend to make this the peppiest winter class that has ever graduated from Glendale High school.

### State Reserves Rights To Mineral Deposits

SACRAMENTO, May 27.—California reserves all rights to mineral deposits in all state lands, in senate bill 782, signed by Governor W. D. Stephens.

The measure was introduced in the legislature at the suggestion of State Surveyor General W. S. Kingsbury in an effort to reserve for the state possible wealth that may be in coal, gold or oil deposits yet untouched in the state. All state land sold is subject to the state if any mineral deposits are found on it. The state will collect one-twelfth royalty which is to be paid into the school fund.

The measure also permits development of state land by oil companies.

## 'DEAR KATIE' HEARS COMET IS LIABLE TO BUST THINGS

SKY ROCKET IS ON ITS WAY  
AND GENERAL DIRECTION  
IS CAUSE OF GRIEF

Glendale, May 7, 1921.

Dear Katie: Today I want to tell you about a wandering star. By that, however, I ain't referring to no movie actress out of a job, but the wandering star of which I speak is a comet.

In the newspaper the other day I read a article which says that a comet which has a name, Pons-Winnecke, is going to visit these parts about June 15.

The paper says as how comets are composed of meteoritic bodies, large and small, ranging from the size of a big meteorite, which is cut on the bias, down to finely ground dust and ground spices.

This is tucked in the hem with brocade, hydrogen, carbon, nitrogen, helium gases, baking powder, orange juice and a pinch of salt, which is froze solid when subjected to the heat of the interstellar space of the ice box.

I copied the above verse from the newspaper, Katie, but I guess I made a error and I got it mixed up with some advertisements. And anyway, wouldn't that be a nice dish to set before the Kaiser. He'd choke to death on it. Then the paper says that a great professor of gymnastics says that the comet will only side swipe the earth and all points east with its tail and some little sparklers will fall like a meteor shower, the same bein' as harmless as the sizzlers that boys shoot off on the 4th of July eve. He says that the very idea of any danger happening to our planets from this here comet is comical and laughable.

On this trip the comet will not come nearer than one million miles outside the earth's orbit, the same meaning Hollywood. That when it is at perihelion (whatever that is), it will be about 94 million miles from the sun, like Pittsburgh is. But pursuing its own sweet and eccentric orbit, it will not approach the earth nearer than 9 million miles—a very polite clearance Katie.

It says on previous engagements (this bein' it 17th farewell tour since the year 1) it has come at perihelion from 10 to 20 million miles within the earth's orbit. Say, Katie, try that on your piano or the neighbor's cat and see what you think of it. Tell me what you think, if at all.

It goes on to say as how that there comet will come about as near as one million miles to the earth's orbit on the 15th of June and the earth will reach that point about a week later.

Katie, I've fully decided to take my vacation the 2nd week in June, but right now let me tell you as how I ain't skared or suspicious, 'cause comets may come and comets may go, but us reporters work forever. Maybe you think I'm nervous, just cause I ain't writin' very plain. Well, the comet ain't worryin' me, but since I begin to write this letter, I have got up twice to get a drink (of water), once to put the cat out, 4 times to light my cigar and 11 times to refer to my dictionary. It goes on to say that that there comet is travelin' 72 thousand miles a hour which same is faster than Bebe Daniels was goin' when she was pinched for speedin'.

Katie, if that dinged sky rocket is going as fast as that it just must be going somewhere. If not, why the hurry?

In that state of the case of things, if that comet takes a notion to land in our garden, its goodbye girls, I'm through.

And on the paper it says, that there comet has got a tail 2 million miles long. That's as far as I read. Say Katie, by puttin' 2 and 2 together and dividin' it by another million, I hope if that comet has just got to land, that it will hit the deep damp Pacific. Katie, I'm quite a optimist so I'm going to make a predict that that there comet is goin' to stay in its own sweet orbit and ain't goin' to hit the earth or Glendale at all. Cause if it doesn't then I'll be famous as a predictor and if it does—well nobody will know that I was wrong, but all my dreams will be busted bubbles and it will be Paradise Lost—the same meaning Glendale.

If the comet should land in our garden it would spoil all our vegetables and knock off the plums and peaches from the trees and the only reason why I suspect it is goin' to land around here is because everybody and everything comes to S. Calif. sooner or later. I figures out that there comet has been wandering around in space all these years, cause it got lost and its lookin' for a good place to settle down and retire.

I figure if it does come that it will hit our back alley at about 7:38 p. m. in the evening of June 15th. If it does there won't be no grass grow under my feet. I won't even walk on the grass. I would probably leave these parts allegro agitated, which the same means fast and furious.

However, if that Pons-Winnecke comet should land when I ain't looking, Katie, it just means as how it will be the last of the Mobicans and also,

Yours truly,

E. C. HALE

## SENIOR CLASS PLAY 'MARY'S MILLIONS' IN REHEARSAL

ENTIRE CAST CHOSEN AND IS  
HARD AT WORK; DATES OF  
EVENT ARE JUNE 9-10

"Mary's Millions" is the play selected by the senior class of the local high school to be presented June 9 and 10. The entire cast has been working untiringly for the last month and has drawn quite a number of onlookers on account of the exciting incidents that occur.

Arthur Campbell and Myra Johns have a scene in which their only excuse is consolation, but they sure hold their positions for an unnecessarily long time, some say. It might be hard to understand, but there is a reason, for Brigham Bennett and Margaret Mandaville becoming quite chummy while sitting on a park bench. Millicent Alvord is pursued by a very fluent and excitable Frenchman by the name of Wilbur Jones who is after her hand in marriage. Another very abrupt love affair is that of Tom McNary and Miss Edith Haggman. Stanley Walker and Louise Wimmer are supposed to be married, but after being treated roughly for many years Stanley violently emancipates himself. No other interest is shown in life by Ida Wilbur than to tell people's fortune on the ouija board.

**Cast Does Work Well**  
The cast is playing its part well and the movie stage managers who have been secured to choose the sets for the various acts state that the play will be put on in a very professional manner.

The senior dramatic class of Glendale high school presented "The Timetable" at an assembly last Wednesday. The skit was acted by Nellie Rowe and Walter Kohl and was full of laughs. Other numbers of music and readings were also included in the program.

# A Picturesque, Inexpensive Trip for Sunday or Memorial Day

Here is a suggestion how to spend a restful, refreshing Memorial Day.

Get out in the open—see the beautiful Verdugo Hills, green and cool after the last rains. Take your lunch and enjoy it in some shady dell, have a regular old fashioned family picnic, and come home feeling fit to enter upon the week's work with renewed vigor.

This scenic trip, through the charming Verdugo Valley, past pretty mountain cottages and more pretentious estates, can be made for a single street car fare, less than you would pay for a gallon of gasoline, is SAFE, CLEAN and CONVENIENT. Go when you like—return when you like.

Know the beautiful environs about Glendale. Take the scenic ride on the Glendale and Montrose Railroad through the mountain pass known as the beautiful Verdugo Canyon and pass near the old adobe that was the original ranch house on the Verdugo estate in the historic days under the Spanish regime.

The road emerges from the canyon, up in the highlands near Montrose where new views are seen and then on to La Crescenta where from the heights you enjoy the pure mountain air and look upon scenes of unsurpassed beauty.

### Romance In Moonlight Fades When Sun Comes

SAN FRANCISCO, May 27.—Juanita Miller, daughter of Joaquin Miller, the poet of the Sierras, is of the opinion that this soul mate stuff is all right in the pale light of an April moon with romance all over the place.

But in the cold gray dawn of the average week-day, when there's wood to cut and fences to mend and the yard to rake—well, that's another tale.

Juan, Juanita's "lily love," turned out to be a tiger-lily, Juanita says, and she is disillusioned and bruised both as to heart and body.

"I'm going to get a divorce on grounds of cruelty and non-support," she declared tearfully. "I still love him but—I'm not going to live with him. He won't work."

All Juan does is wander about in the eucalyptus groves, carving paper cutters, the bride of a month declared. This practice has taken the edge off her love and put it on her disposition.

"Why, he hasn't even cleared away the debris of the marriage feast," Juanita complained.

But there are whispers that there are dollars at the bottom of this anti-lily love climax.

So while they manage to get along and still take their food of love bran from the same dish, Juanita indicates she feels that the cow's skull she held in her hand during the wedding nuptials was a goat's skull—her goat's—and Juan's got it.

### Germany Convicts Its First War Criminal

LEIPZIG, Germany, May 27.—Germany today convicted her first war criminal. Sergeant Heinen was sentenced to ten months in prison and ordered to pay part of the trial costs when he was found guilty of maltreating fifteen British and Belgian prisoners of war.

Heinen practically convicted himself. British witnesses grumbled that German court officials did not seem to examine Heinen closely enough, but the sergeant was so clearly unrepentant that he lost favor even with the Germans.

He admitted beating prisoners with fists and riflebutts, but he said he had been treated similarly when he was a recruit.

Captain Mueller was the next defendant taken before the court. He was charged with improperly supervising a prison camp with the result that an epidemic broke out. Mueller's defense is that he was in charge only a month and that the epidemic did not start until after he had left.

### Tourists Start Rush Here; Swamp Railroads

CHICAGO, May 27.—The rush for reservations to California on western roads by tourists started today.

The Santa Fe, Southern Pacific and Rock Island were swamped with orders for reservations when the tourists' season starts, June 1.

A special rate of \$115.34 for a round trip ticket from Chicago to the Pacific coast has been made. The return tickets are good until October 31.

The roads have made preparations for a record breaking tourist season.

## Life Is What You BAKE It; Recipe Is Given By E. C. Hale; Try It In Your Fireless Cooker

BY E. C. HALE

Few of us know how to make successfully, this interesting cake called LIFE. Try this on your gas range:

To begin with, take two cups of WORK; to which add plenty of HEALTH. Use a large cake of HOPE and a little CONFIDENCE. Pour in a tea cup full of LOVE and a seasoning of BEAUTY. Don't use the spice of TEMPTATION and scoop out the DELUSIONS with the spoon of WISDOM. Pour in your INSPIRATIONS and dissolve the EXCITEMENT. Use AMBITION baking powder and add a teaspoonful of OPPORTUNITY. Be careful to trim off all CONCEIT and DECEIT, which you can feed to the cat.

A pinch of POVERTY won't do any harm which you can mask with PRIDE.

Stir well with KNOWLEDGE and be careful to avoid SICKNESS or your cake will be heavy with GRIEF and TROUBLE. Put in two cups of WEALTH and one

cup of TRAVEL and strain out all SUPERSTITION.

Drop in a package of RECREATIONS and cut out the FRIVOLITY.

If you like the taste of ART, you might add just a pinch of EXTRAVAGANCE.

A few drops of SUCCESS will give it a flavor, if diluted with a bottle of WIT and HUMOR.

Skim off the CRIME with the dipper of CAUTION.

Beware of the ingredients of CHANCE and DISASTER.

A little dressing may be desired. If so, cover with a layer of STYLE and FASHION. Then garnish with PLEASURE. Mix in a CHARMING MANNER and DANCE it into the oven. Allow it to cook within the LAW to avoid TEMPTATIONS. Leave in the oven for about sixty years.

Then place it upon the platter of EXPERIENCE.

Serve with slow MUSIC and place before FATHER TIME. Such is the cake of LIFE.

## Hiking Party Halted By Heavy Flood Water

A party of Glendale folk started on a hike in the Arroyo Seco canyon last Saturday night. They got as far as the first stream and the water was coming in such torrents that they were afraid to go further, so decided to motor back to Glendale. The party included Mr. and Mrs. Sidney Simon, Miss Myrtle Pulliam, Miss Alice Gray Beach, Mr. Peters of Los Angeles and Mr. and Mrs. J. A. Leggs.

They went to the Leggs residence and had a house party there, spending Sunday in Los Angeles. They were disappointed in the hike, but said that they had a very good time nevertheless.

## Double State Picnic Takes Place Saturday

The programs of addresses and music will open about 2 o'clock. County registers are planned for both states and all are asked to enroll.

Lafayette and Colombia are paid. Now is there anybody else?

## Even In France They Forget Big Sacrifice

By EDWIN W. HULLINGER  
United Press Staff Correspondent

PARIS—Even in France, the people who "stayed at home" forget easily the sacrifices made by the men who fought in the war, but fortunately there are ex-pollins in civilian ranks to remember and take the part of their ex-comrades who fared less happily than they.

A regular "O. Henry" incident of this affection of a sound comrade for his crippled brother-in-arms occurred at a little open-air cafe opposite the Gare du Nord.

A beggar, with one leg gone below the knee and an empty sleeve tucked into his pocket, was making the rounds of the tables. His face wore that dazed, numb expression of one who has suffered so much that he has become insensible to any vicissitude of fortune. Three service ribbons were in his lapel buttonhole.

One of the guests, an ex-service man, noticed the ribbons and invited him to "have a look."

There was a whispered consultation inside and the waiter tugged the man's coat sleeve and informed him the house "didn't serve to beggars." The guest pointed to the cripple's service badges, and retorted indignantly:

"Perhaps, then, the house serves its benefactors. This man lost his leg and arm for the proprietor's patrie! The proprietor may have a sense of gratitude!"

The proprietor stood pat. Other guests, ex-service men, became interested and soon there was a crowd around the irate customer and the shoulder-shrugging "patron."

The beggar meanwhile sat in stupefied dazedness, listlessly fingering his crutches. He was so used to this kind of thing that it no longer surprised, hardly even seemed to hurt.

Finally another guest at a far table shouted:

"Waiter, you can serve me, anyway. Bring me a hock."

With a flourish he seized the glass from the waiter's hand, strode across and deposited it in front of the beggar. The crowd cheered. The proprietor scowled.

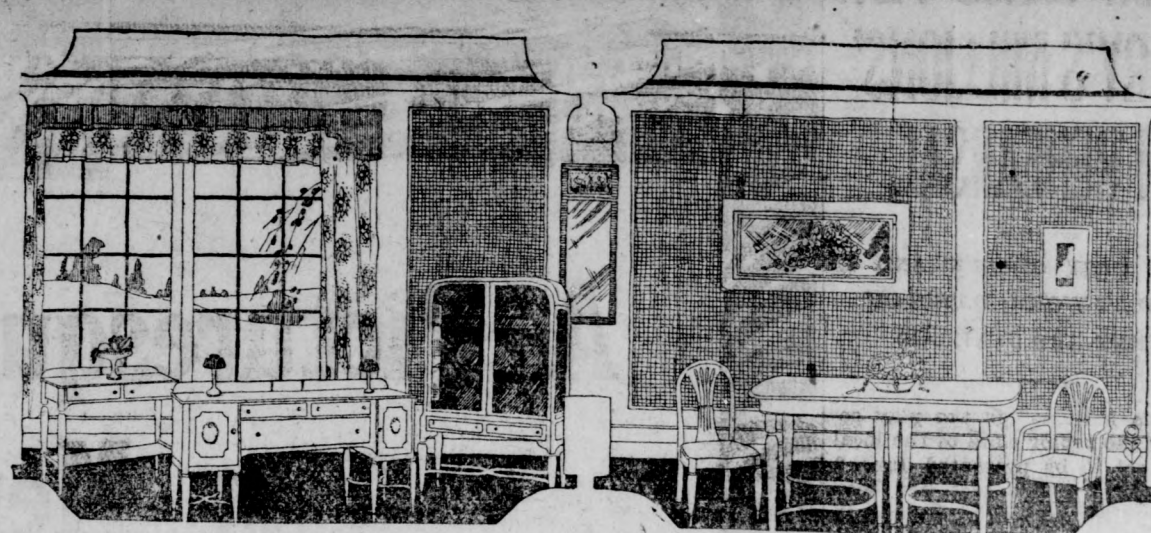

The second guest, also an ex-service man, smiled at the beggar, bowed to the proprietor, and, with that sense of the theatrical which is one of the charms of the French temperament, raised his own glass to the Memory of the "grande guerre."

## Disarmament Program Is Receiving Support

WASHINGTON, May 27.—Disarmament advocates in the senate today expected that the house will adopt the Borah disarmament conference rider to the navy bill when it goes back to that body.

"I am assured," said Senator Borah, "that the sentiment in the house is strong for disarmament in concert with other nations, and that, in view of President Harding's reported objections being removed, the amendment will be accepted."

Borah's proposals for bringing the United States, Great Britain and Japan together to discuss gradual reduction over a five-year period of naval armaments was made part of the navy bill in the senate, 74 to 0.

The reductions range from 10 per cent to 30 per cent on more than a score of commodities, some of which have been favored also in transcontinental rail rate cuts.

Steamship men, however, say that the water rate decreases are not made in competition with the rail lines.

## Ocean Freight Rate Schedule Is Reduced

SAN FRANCISCO, May 27.—Reductions in ocean freight rates for both eastbound and westbound cargoes made at meetings of the north Atlantic-Pacific coast westbound conference and the Pacific coast-north Atlantic eastbound conference, became effective today.

The reductions range from 10 per cent to 30 per cent on more than a score of commodities, some of which have been favored also in transcontinental rail rate cuts.

Steamship men, however, say that the water rate decreases are not made in competition with the rail lines.

## FRANCIS READ WILL REPRESENT LOCAL HIGH SCHOOL

GLENDAL YOUTH WILL TAKE PART IN ORATORICAL MEET TO BE HELD ON MAY 27

Glendale high school will be represented in the California oratorical contest which is to be held May 27, by Francis Read, who won the Glendale Union high school annual oratorical. It will be held in the old Los Angeles high school on North Hill street.

Most of the prominent schools of Southern California will be represented, among them being Pasadena, San Diego, Glendale and all of the Los Angeles high schools. The Coachella high school, of which Mr. Howe is now principal is also sending a representative. Mr. Howe was the father of the oratorical in Glendale high and was probably the author of this plan in the Coachella high school.

Judging for Composition  
Mr. Read's oration has already been sent in to the judge for grade on composition.

It may not mean much to the individual pupil to attend the oratorical, but it certainly means a lot to Frances Read, to Miss Gardner, the English teacher, and to the high school as a whole. Everyone should come out and boost and show their loyalty to the school by attending the California oratorical, May 27, at 8 p. m., is the plea of the Glendale high school boosters.

## 'Marrying Parson' Is Ousted From Pastorate

WINONA LAKE, Ind., May 27.—Reverend J. L. McElmoyle, Maryland's marrying parson, was ousted from his pulpit at Elkton, Md., today by the supreme court of the Presbyterian church.

The Reverend McElmoyle was charged with conducting a "Gretna Green" at Elkton and running a "marrying marathon" with another pastor there.

The charges that he indiscriminately married hundreds of elopers a year were upheld by the judiciary committee of the Presbyterian general assembly meeting here.

## W. R. Jenkins Moving Here From Whittier

W. R. Jenkins, treasurer of the American Art, Leather & Jewelry company of Los Angeles, has purchased the Dr. D. W. Hunt residence at 420 West Elk avenue and is moving in today with his wife and two boys. They come here from Whittier after a six months' wait to buy what they desired in the way of a home.

Mr. Jenkins was formerly cashier of a bank in Girard, Kas., and has many friends here who insisted on his moving to Glendale.

Dr. Hunt, it is understood, has purchased a house on Elk avenue a little closer to the business section.

## Steals Auto To Test Sheriff; He's Arrested

BERTHOUD, Colo.—Lorin Mead's only excuse for stealing an auto was that he wanted to see if Sheriff Smith would arrest him. "I voted for Smith and just wondered if he'd do his duty," Mead said. Smith did.

### Dahlia Bulbs Cooked As Spuds Are Failure

SAN FRANCISCO—Dahlia bulbs will not make good sweet potatoes even though cooked.

Mrs. G. E. Baxter of this city, who cooked them, will admit this and her husband, who tries to eat them, will bear her out.

The Baxters were up country somewhere in Marine county putting in a garden. A box of funny looking things which looked like sweet potatoes came by parcel post. They looked to Mrs. Baxter like cooking potatoes, not bulbs for planting.

There was something queer about the way they looked when peeled and something strange about the odor as they simmered in syrup. There was also a comedy aspect to them as they lay innocently enough and steaming on the table. But the real kick came when G. E. remarked there was nothing like sweet potatoes "done Southern style as only one's own wife could cook them."

Then he helped himself—generously.

Why go into detail. They weren't sweet potatoes at all. They were meant to be planted. A well-meaning friend interested in the Baxter garden had sent them. He's going up to the Baxter place some time soon to see his dahlias. But they will not be the dahlias he sent.

"I'm only an amateur backyard farmer trying to get along, but I'll know dahlia bulbs from this time on," said Mrs. Baxter.

### H. G. Wooton Building Cement Houses Here

H. G. Wooton, who has taken offices with Davenport & Strother, realtors, 217 South Brand boulevard, has bought the rights here for the construction of Lancha monolithic concrete houses. Both the solid and hollow wall types are built and on account of their fire-proof and damp-proof qualities, it is believed by Mr. Wooton that such homes will prove quite popular. He states that the cost is comparatively less than stucco or plaster houses.

## THREE CANDIDATES LEARN MYSTERIES OF LOCAL HI-Y

INTERESTING MEETING HELD  
AND ENTERTAINING TALK IS  
MADE BY C. M. RETTS

The meeting last night of group No. 2 of the Glendale Hi-Y proved to be one of the most enjoyable and interesting the members have yet held. C. M. Retts of 114 West Park avenue, who has lived in Mexico for several years, was present and entertained the boys by relating some of his personal observations and experiences while living in our neighboring country, many of which were exciting and thrilling. His address was highly appreciated, being the kind that feeds the minds of boys of the adventurous age, and every word was eagerly listened to. Mr. Retts and "Bill" Marple, also of Glendale, are interested in an oyster cannery.

Another interesting feature of the program was the initiation exercise. The following five boys were present for the purpose of "riding the goat": Eugene Clarke, Paul Bettis, Theodore Haig, Livingston Thom and Newton McGillis.

### They Draw Straws

However, as only three could be taken care of at this time they drew straws and Eugene, Paul and Theodore were the candidates for initiation.

With their "victims" blindfolded the entire group marched to the home of their leader, Ed Murphy, on West Lexington Drive, where the real initiation took place. After the ceremonies, which were in secret, the boys played games and indulged in a "free and easy" good time.

An abundance of substantial and dainty refreshments were served to the delight of the "ever hungry" boys, and they unanimously agreed that Mr. and Mrs. Murphy were a fine host and hostess. At 10:30 o'clock the boys reluctantly separated.

## Plenty Of Publicity From C. E. Committee

Howard L. Brown, general chairman of the Christian Endeavor state convention committee, and co-workers are still at work advertising Glendale and convention week. Posters have been sent out, stickers have been distributed, songs have been written and speeches have been made together with numerous stunts pulled off, all to help make the convention to be held in Glendale June 25 to 29 a success.

The following letter has been sent out to 700 societies and will reach fully 32,000 young people of the state. The result of this publicity will be seen in the increased attendance at the convention. The letter: "May 25, 1921.

"Dear Endeavorer: Glendale an 'Absolutely Convention.'

"Read why, and then you and your society come and be convinced.

"Why absolutely??

"Because—

"Absolutely the best convention city.

"Absolutely the best convention committee.

"Absolutely the best convention auditorium.

"Absolutely the best convention program.

"Absolutely the best convention music.

"Absolutely the best state president.

"And, last, but not least, absolutely the best Endeavorers of California are coming.

"Now, you say it out loud like this—AB-SO-LUTELY!!! we'll be there.

"Absolutely yours in C. E.,

"GLEN and DALE.

"General Chairman."

## Montrose Shows Signs Of Greater Activity

With Montrose avenue being paved from Ocean View to Michigan avenue and C. L. Collins establishing a lumber yard at the Montrose car barns, that suburb of Glendale is showing signs of a new boom which may carry it across to a municipality within the next year or so.

Several years ago Mrs. M. L. Howard and her son, C. G. Howard, took over the grocery business at Montrose and now Mr. Howard and his son, R. M. Howard, have established a fruit stand and soft drink parlor opposite the general store. With an oil station, real estate office and auto paint shop, there are signs of live business center at Montrose.

Mr. Collins, it is understood, plans to augment his business by carrying a line of light hardware in a store building which he is erecting. He contemplates the construction of a dozen homes in the near future which he will sell on a term payment plan.

### SAVING MONEY

## Hart Realty Company Reports Various Sales

The following Glendale property has changed hands the past three weeks through the Hart Realty company:

Six-room house located at 121 North Louise street and two adjoining vacant lots, also five-room house located at 206 North Louise street, eight-room house at 1016 East Broadway and eight-room house at 506 East Maple street, vacant lot corner Doran and Central avenue, a view lot in Eagle Rock sold to Mr. and Mrs. Larson for a future home site. Full consideration for this block of property was \$32,500.

The steady sales made by this firm from month to month proves that undaunted optimism shown by Mr. Hart and his associates has a foundation worth the cost of the efforts put back of every argument put forth by them pertaining to Glendale as a home town unsurpassed for future investments, a member of the firm declared today.

A girl from the Boston slums is said to have a voice of record-breaking range. Well, that's nothing. The average apartment dweller has always maintained that the young music student downstairs has the prairie to herself when it comes to range.

## La Crescenta Notes

A charming event of last Sunday afternoon was a tea given by Mr. and Mrs. Seymour Thomas to some sixty art connoisseurs of Pasadena and Los Angeles at their attractive studio home on Rosemond avenue. In delightful keeping with the general motif of the occasion was a musical program given by Lawrence Tibbitt of La Crescenta. Mr. Tibbitt is one of the distinguished members of the California Opera company, taking the leading baritone part in "The Firefly" this week at the Mason. Mrs. Thomas was assisted by her cousins, the Misses Andrews of Los Angeles.

Mr. and Mrs. Charles Metz, who spent the winter at their home here, left for Omaha, Neb., Tuesday.

Mrs. E. MacCann of Topeka, Kansas, is the house guest of her sister, Mrs. T. E. Wetherbee.

The rainfall for the month of May in La Crescenta was 6.25 inches—and for the season 27.25 inches.

Mr. and Mrs. J. B. Jackson of Glendale visited their many friends here Wednesday.

Mr. Drury of the La Crescenta store has purchased a machine with which he expects to deliver to his patrons in the future.

Mrs. E. McLain has purchased the Sam Merrill house, which she expects to make her home.

Edward Irwin of San Francisco arrived here Monday to spend the summer with his brother, John Irwin of Michigan avenue.

Dr. R. C. Anderson, wife and daughters of Oakland, Cal., are guests of C. E. Culberson and family.

C. R. Norton of Glendale and several members of the N. B. Banks post of W. R. C. and G. A. R. of Glendale visited the La Crescenta schools Wednesday afternoon and gave a most interesting program for the teachers and children which was greatly enjoyed by all.

There will be no school on Monday, it being Decoration Day.

Mrs. H. R. Tritt of Montrose has issued cards for Saturday afternoon, it being her daughter Jean's seventh birthday.

Mr. and Mrs. H. A. Baldridge spent last Saturday and Sunday at Long Beach.

H. S. Birrell, who has been making a tour of the north in the interest of the Farm Bureau will return Sunday.

Work has begun on the erection of a building in Montrose by Messrs. Knox and Potter, which they will equip for an Exide Battery station.

Major E. L. Wemple and family of San Francisco has leased the H. N. Fowler home for the summer. Major Wemple was transferred to Los Angeles to take charge of the Bureau of War Risks.

"The Call from the Wild," featuring Frankie Lee, and "Highland Laddie," one of the greatest scenic dramas ever filmed, will be given at the school auditorium next Friday night.

Mr. and Mrs. H. N. Fowler left for Chicago last Saturday morning. They expect to return in the fall.

Miss Marguerite Katherine Hauber, assisted by Miss Lillian Backstrand and Miss Elizabeth Mottern, will give the senior recital at University chapel at the U. S. C. Saturday evening.

The seventh and eighth grades are rehearsing a play, entitled "The Princess," which will be given at the school auditorium May 10.

Despite diking and channeling, the Hoang River of China has, in one thousand years, drowned more human beings than have been killed in all the wars of the same time. The only preventive of floods is in the reforestation of the denuded slopes which border the river valley.

Those who attend the showing of "The Magnificent Brute" at the Glendale Theatre today and see the strenuous work performed by Frank Mayo, including the most realistic and stirring fight he has yet staged in any of his pictures, will appreciate the great fortitude displayed by the star in the filming of this picture.

In addition to the feature there will be five acts of amateur vaudeville and the usual pictures which round out the bill. Tomorrow "The Mad Marriage" will be the feature. Remember to clip your coupons from The Evening News.

## Goudie & Goudie Have Iron Work On Display

Saturday is the last day that Goudie & Goudie will keep their ornamental iron work on display in Neale & Gregg's hardware store window at 107 North Brand boulevard. The wrought iron stands, fencing and ornaments provide a new industry for Glendale and the exhibit proves the Goudies' proficiency in this line.

## Mrs. C. A. Sowl Buys Property For \$21,000

Mrs. C. A. Sowl, proprietor of the famous Casa Verdugo Spanish restaurant, and her daughter, Miss Viola Yorba, widely-known singer and dancer, have purchased the Monroe property at the head of Brand boulevard where the beautiful foothill home is snuggled on the slope of Mt. Verdugo.

They plan to improve the property and make it one of Glendale's show places. Mrs. Sowl has resided here for years and knows property values. In paying \$21,000 for the place, it is conceded she was afforded a bargain through the agency of Charles B. Guthrie, who maintains five offices here.

This same agency sold Riverdale residence lots to Louis D. Gould of Long Beach and Edward B. Clark of Riverdale Drive. Both will improve them with homes in keeping with that of A. B. Chase, whose property the lots adjoin.

## High School Boys At Moreland Truck Plant

Forge classes of the Glendale Union high school this week visited the Moreland truck factory at Burbank and were personally conducted through the Pacific coast's largest plant of its kind. Several former pupils of the high school are among the many employees who were found casting, milling, machining or assembling the parts of the Moreland.

Nine persons die of accidents in the United States each hour.

## Let Every Candidate State View On Sunday Law, Urges J. D. Hull

Editor The Evening News:—A black cloud, not very large yet, but very black, looms upon the horizon of the American people. This cloud is very threatening and unless it shall be dissipated it will spread out until it engulfs all the ether and shuts out our view of the sky. This cloud is composed of two constituents—the dense cloud of ignorance, and the thick mists of intolerance and superstition. This cloud is not being formed by the forces of nature which are irresistible to any human agencies. The cloud is solely and entirely the result of human agencies, and hence it can be dissipated by human agencies. Shall it be dissipated, or shall it be allowed to expand to the fierce hurricane carrying destruction in its onward rush?

It is for us to say, and for us to do. Shall we say it and do it? And shall we rise in the strength of American citizenship, meet the danger, and dissipate the cloud? A concerted effort is being made to elect men to office on a platform that bears a striking resemblance to certain declarations made in Massachusetts 200 years ago. Are we to retrograde to the conditions that existed then, or are we to enjoy to the largest measure our rights under the Constitution of the United States?

An election is approaching in our city and men are to be chosen who will have the power to enact ordinances for the government and control of the individual acts of our citizens. It is only right and fair that each elector should be fully advised as to how a candidate, if elected, will cast his vote on an ordinance that is almost certain to be proposed for the regulation of the acts of the citizens on a portion of the days of each week. Not all the days—only a portion. It is foolish as well as deceitful to camouflage the issue. It is the Sunday issue, the Blue Law, the attempt on the part of many of our best and most respected citizens to legislate for the control of the consciences and habits of a large number of equally good and equally respected citizens. It is well-known that there is a very great difference of opinion as to how Sunday may be properly observed. One man thinks he should go to Sunday school and then attend church. Let him go, and guarantee him the right to go in peace and comfort. Another man desires to load his family into his auto and motor to the home of friends in the neighboring city and spend the day in social intercourse. Let him go, and guarantee him the right to go in peace and comfort. Another chooses a baseball game; another a moving picture; another a day of fishing; and so on through the entire list of recreations. Let each man go, and guarantee him the right to go in peace and comfort. The enjoyment of any one of these recreations cannot in any manner interfere with the enjoyment of any other.

A pre-election announcement of a candidate is due to the intelligent voter. If we are to delegate our authority to a small body of men to vote yea or nay on the adoption of a proposed ordinance, it is certainly imperative that we be advised in advance exactly how that commission is to be executed. It is not sufficient that a candidate announces in general or obscure phraseology that he will support no proposed ordinance that is not in harmony with the Constitution of the United States, or that abridges the constitutional rights of any citizen. Let him have the courage and honesty to come out into the open and announce that he will or will not vote for any measure that will conflict with the right of any citizen to observe Sunday in any manner he may wish to observe it, so long as in doing so he does not interfere with the right of any other citizen to observe the day as he may consider right and proper.

Yours, for Glendale,  
J. D. HULL,

## What Herbert Hoover, One of the Country's Foremost Executives Thinks of Building and Loan Associations

DEPARTMENT OF COMMERCE  
OFFICE OF THE SECRETARY  
WASHINGTON

April 14, 1921.

Mr. H. F. Cellarius, Secretary  
The U. S. League of Building and Loan Association,  
Cincinnati, Ohio.

My Dear Mr. Cellarius:

On the occasion of your annual meeting in new Orleans, May 1, through you, express to the Building and Loan Associations of the United States my sincere hope that their work may greatly extend during the coming year.

Your Associations, true people's banks, popularly controlled and locally managed, have sprung up voluntarily throughout the country. Through the system of weekly or monthly deposits by their shareholders they encourage thrift throughout the nation. Through the system of amortization, in which the Building and Loan Associations were the pioneers, they have made their assets sound and worthy of confidence. Through loans principally upon homes they are an instrumentality not only in solving the housing problem but in developing self reliance of our citizenry.

It is my earnest desire that the Building and Loan Associations of the United States should be encouraged by the public spirited citizens in every locality.

Yours faithfully,

(Signed) HERBERT HOOVER.

### CONTEST WITH MONROVIA

The members of the "in-and-out" baseball team of the local high school will journey over to Monrovia this afternoon to play a scheduled Central league game with the squad representing the institution of higher education of that city. Coach Hay-

hurst is planning to send his strongest lineup into the fracas, as he is anxious to remain in the first division in the league standing.

Another special incentive for the local athletes to hang the crape on the Monrovia pastimers is the fact that these said pastimers treated the

home boys quite rudely in their last appearance, walloping them by a lopsided score that resembled Glendale's 1920 census figures. The Black and Red warriors are not saying much but are keeping in mind that old and well known adage, "Revenge is Sweet."
